GREETINGS FROM SHAWNA SMITH

Dear Friends,

Our vision at Hope Builders is an Orange County where all young people have the skills to thrive economically. To that end, Hope Builders is singularly focused on building the foundational work readiness that gets young adults onto the highway to higher wages from which they can advance their careers, education, and build lasting prosperity.

Tonight we are all Hope Builders. While we face some big challenges when we look at workforce needs and the cost of living in the county, they are not insurmountable. In Orange County, we benefit from a strong business sector. We've got lots of quality jobs to fill. We're called home by some of the most accomplished entrepreneurs and innovators of our time. We have at our finger tips on all the key resources needed to transform poverty in our community.

Hope Builders is up for the challenge – I hope you'll join us. With strong investment in proven models like Hope Builders and hard work today, we can realize a better tomorrow for every young person in this community. I know you'll agree with me that the young men and women you have met here tonight are an extraordinary example of that fact.

With my deep gratitude,

A handwritten signature of Shawna Smith in cursive script. The signature is written in dark ink and is positioned below the text "With my deep gratitude,".

BEST OF FRIENDS AWARD

Hope Builders proudly honors

CONSTRUCTION

For over a decade, PCL Construction Services, Inc. has been a driving force of support of Hope Builders' efforts to provide life changing career opportunities to youth in Orange County. PCL's core values of Honesty, Integrity, Respect, Dynamic Culture and Passion directly align with Hope Builders' mission to provide a pathway for youth to gain the tools and training needed to fill high demand jobs in the construction industry and achieve life stability.

To fuel Hope Builders' mission, PCL continues to generate awareness and support by hosting the annual Builders' Luncheon. Along with co-hosts, Clark Construction and McCarthy Building Companies, this annual event welcomes nearly 100 trade partners, generates more than \$120,000 and links employment partners to motivated youth.

PCL believes Hope Builders provides an innovative solution to addressing the shortage of workers in their industry. "The traditional ways to find labor in the construction industry are no longer sufficient. Hope Builders is a great way to deliver the skilled workers we need while helping the youth in our community become gainfully employed," said Murakami. "At this time the construction industry needs Hope Builders' trainees to become our labor force."

Hope Builders proudly honors Elton Murakami, area manager, and PCL Construction Services, Inc. with the Best of Friends Award.
