Hope Builders Light Up A Life Gala

Hope Builders honored Brookfield Residential at its Light Up A Life gala and raised over \$640,000 in net proceeds to benefit unskilled and unemployed Orange County youth.

Through intensive job training and life skills counseling, the organization serves over 550 youth annually and empowers them with the tools to achieve enduring personal and professional success.

Hope Builders appreciates the generous sponsors, donors and volunteers who unlock the kind of opportunities that are essential to transforming young lives and strengthening their families and communities.
