

Ensure the Legacy

In honor of her 60th Jubilee, Sister Eileen McNerney challenged Hope Builders to raise \$1,000,000 for its sustainability fund to guarantee that the work that she began continues to serve as a beacon of hope in our community.

To permanently recognize Sister Eileen and the Sisters of St. Joseph of Orange, Hope Builders will dedicate a stained glass window at its downtown Santa Ana location.

Judson Studios, a fine arts studio, will design the stained glass window to inspire hope for the future generations who walk through our doors.

“ Each young person, no matter what his or her history, is precious in God’s sight, and yet many of them are scared, stuck or broken. It saddens me to walk down the street and see a bird with a broken wing. I can’t always fix the bird, but I do believe that with God’s help, the young people who walk through Hope Builders’ door, can one day fly. ”
